

MICHIGAN STATE UNIVERSITY

Response to the COVID-19 Crisis

Dear Colleagues,

MSU like many institutions in our state is encouraging faculty, staff, and students to be safe and self-isolate. In keeping with these critical public health advisories, most of our CCED team are working remotely.

During this unprecedented public health crisis we are committed to creating, applying, and disseminating valued knowledge through responsive engagement, strategic partnerships, and collaborative learning. To accomplish this mission with your support and guidance we are devising innovative ways to empower communities to create sustainable prosperity and an equitable economy.

As a part of our REI University Center activities, we welcome your suggestions on new tools, models, policies and programs that might help us strengthen our communities in these challenging times.

Please consider sharing your ideas, concerns, and resources through our REI website Suggestions Link:

<https://reicenter.org/projects/get-involved#suggest>

Your support and guidance are appreciated.
